By signing this application, I acknowledge that the named applicant is in good health and has my permission to participate in this program. I understand that goalkeeper training can be physically demanding and that injuries can occur. I hold Competitive Goalkeeping, Steve Lengen and all Competitive Goalkeeping staff members harmless in the event of any injuries while at camp or clinic sites.

The goalkeeper is one of the most important players on the field. They are the last line of defense and the first line of attack. To play the position well requires special skills and training. Competitive Goalkeeping Academy has the experience and expertise to train goalkeepers to be winners and team leaders.

Steve Lengen, founder of Competitive Goalkeeping, has designed training programs to move goalkeepers forward on a continuous pace. All the player needs is the will to succeed.
